

Would you recommend the Daily Table to a family member?

Yes, it was my first time. It's really good. I've walked by but never gone in, and should come by more often

What did you buy today? What can you buy for \$10 or less?

For about \$8 I got plantains, sour cream, salad box, lots of chicken breast (2 packs containing individually wrapped/ air sealed chicken breast). The chicken breast was only \$1.99/lb.

Do you think you'll be coming back?

Yes

I recommended the Daily Table to people because of the freshness of the food, affordability, and convenience.

What did you buy today? What can you buy for \$10 or less?

Cereal, grapes, bananas, salad, chicken, plums, nectarines, green pepper, garlic.

Do you think you'll be coming back?

It's my fourth time coming here. I spend a lot of time coming to Dudley for other things so I can drop by. For example, I go to Walgreens, visit the Daily Table and then walk home.

Would you recommend the Daily Table to a family member?

I would recommend to family members and friends. [Daily Table] has a lot of things for good prices. Beautiful store. Something special for the community. Bringing an affordable food store into the community is truly a blessing and it serves a lot of people who can't travel far to do their grocery shopping

What did you buy today? What can you buy for \$10 or less?

I bought a cantaloupe, sweet barbecue chips, and nectarines. Only spent \$6.47 cents.

Do you think you'll be coming back? It was my first time coming to the daily table. Superb. Now when I come to Dudley I know where to get my fruits and vegetables.
